

HOT NEWS!

A FILM OF THE NVC DANCE FLOORS

We're making a film of the NVC Dance Floors and we would love your financial participation, to help us make this dream come true!

The NVC Dance Floors play a big role in the learning of NVC all over the world. Film is an ideal medium to convey what the Dance Floors are all about.

Bridget and Gina have dreamed for years of making a film that would convey the wide-ranging NVC teaching that is embedded in the Dance Floors - and now the right people have come together to make it possible!

Inspired by the Dance Floors, Dutch film maker Sander van Galen and director Elkie Deadman are pouring in their professional expertise, filming and editing skills, and studio facilities, in the service of making the Dance Floors method (and its benefits!) available to many more people world-wide.

Your donations would be very deeply welcomed!

A short intro film will give an overview of the Dance Floors, and how, where and why they are used. Three in-depth DVDs will each give an introduction to one 'dance', and show how to use it alone. They will also show people being coached by Bridget or Gina, and will include insights and input about how to support someone on a Dance Floor in an NVC workshop, a 1-to-1 session, or an NVC practice group. The three 'dances' we are filming for now, are The 13 Step Dance, The Self-Empathy Dance, and The Anger Dance.

The short introductory film, and these three one-hour films, are for people who are new to the NVC Dance Floors, and those who want to refresh or deepen their understanding.

The DVD will be spoken in English, and we will add subtitles in as many languages as our resources will allow.

This project is running on 'lots of love and very little money'. We would love to receive your support to make this a collectively energised and funded project, and will joyfully name you on the rolling credits as a contributor. We will also give you the DVD of your choice, when the films are made.

If you donate £20 / €23 / \$33 (or more!) now, you will receive a DVD (worth £25) free in 2012!

We need starting capital of **£4500 / €5000 / \$7300** to pay for the up front costs of the 4-days of filming we will be doing in The Netherlands in August, and for some basic costs of the follow-up editing, voice-overs and subtitling.

Your contribution would be used for items such as: food and travel costs of everyone involved in the 4 days of filming, hire of soft lights for the studio, a very basic and 'way-under-professional-rates' fee for our professional cameraman, basic running costs of the studio for 4 days.

The release is planned for Spring 2012.
